ABOUT ME

Hey there! I m a passionate Front-end Developer with a knack for creating interactive and visually appealing web interfaces. My main focus is on delivering dynamic user experiences while making sure everything works seamlessly

FREELANCE WORK

● UI Design for Roxygreen website July 2023 [\[view site\]](#)

Figma

- ▶ Created **blueprints and interactive prototypes** for design
- ▶ **Sole creator** of the product
- ▶ Crafted visually appealing design aligned with Roxygreen brand
- ▶ Ensured compatibility across devices and **user tested** for improvements

PROJECTS

● Ecommerce Website [\[git\]](#) [\[view site\]](#)

HTML, CSS, React Js

- ▶ Developed a fully functional E-commerce website independently, demonstrating proficiency in **HTML, CSS, and Reactjs**.
- ▶ Ensured adaptability of the website to diverse devices and screen sizes, **prioritizing accessibility** and a **seamless user experience**.
- ▶ Managed the entire **frontend stack**, overseeing design and development and **implementing** advanced features like product listings, cart management, and checkout processes.
- ▶ Showcased **resourcefulness and problem-solving skills** to overcome technical challenges and independently refine the design, resulting in a polished and fully functional E-commerce website.

● Portfolio [\[git\]](#) [\[view site\]](#)

Reactjs,Styled components,Emailjs

- ▶ UX for a portfolio was created using **Figma**. **ReactJS** was used in conjunction with **HTML and CSS** to implement it.
- ▶ Ensured **adaptability of the website** to diverse devices and screen sizes, prioritizing **accessibility** and a seamless user experience.
